

The declaration and contract of your soul.

#1 In accordance with the decree of The World Sovereign Bank of the Order of Hospitallers (WSBOH), as well as the resolution of Sovereign International Treasury M1 (SITM1), which is the owner of all collateral gold accounts of Platen, the entire financial system, all fiat currency, whether paper or digital (such as USD, EUR, etc.), is no longer accepted for payment.

#2 I was born in the USSR and as a Citizen of the USSR, I am a Sovereign of the planet (Midgard) Earth and I am a live-born human with the title - human. I am the holder of a continuous lifelong right. Since I declared, as a citizen of the USSR, to the Crown corporation and the Roman Curia, that I am not a slave, and at the age of 7 I did not become a Roman slave.

And, having never been a slave, I am a thrice-redeemed Sovereign from Roman slavery in the Roman Pope. Millions of gold dollars were paid three times for my redemption by my associates, with one gold dollar equal to one gram of gold. (Yes, millions of gold dollars (millions of grams of gold) were paid)

#2.1 The USSR still exists within the framework of international law. As a participant in a community of people, including international lawyers accredited by the UN, I declare that the only legitimate country on the planet today is the Great Sovereign State of the Union of Soviet Socialist Republics. There is no higher status on Earth.

#2.2 There is no higher status on Earth than that of a citizen of the sovereign state, that is, a citizen of the USSR.

#2.3 The remaining subjects or objects of law, so-called territories or countries, fall under corporate law, where corporate government is in control.

#2.4 Any person in any territory, or any legal subject or object, can always remove themselves from the authority of corporate law by properly notifying the relevant authorities.

#2.5 Any person can become a sovereign by properly declaring this status through the appropriate legal and corresponding structures.

#3 The technology's security secret is that if you try to steal it, it stops working. Try to use it for harm or deceive while receiving it, and this cheater will shrivel up 40-50 years older in just 3 days. These are the technologies of God and the universal hierarchs.

#4 I am merely transmitting knowledge into the world, and I have no power, knowledge, or ability to alter, violate, or break these technologies, because they are laws of nature, whose keys have been found.

That's how nature works, and its mysteries are still ours to unravel. Therefore, I fully absolve myself of responsibility, all claims go to your intentions and nature.

#5 Since I am fully under the jurisdiction of the USSR, I comply with all USSR laws. Therefore, in order to receive a service or product, you must comply with the terms and conditions you read on the website.
